

# 2026 Spring Makers Market

## MARKET GUIDE

**May 3rd, 2026 • 10 AM - 3 PM**  
Columbia Mall - Level Up Entrance

**Thank you to our sponsors!**

# TO OUR C.C.C. FAMILY

## Welcome to the 2026 Spring Market!

We're so glad you could join us for the 2026 C.C.C. Spring Market with a group of over 50 local mid-Missouri makers dedicated to sharing their passions for creating products and services from the ground up. Your creativity and passion is inspirational, and it's because of what you do and the products you curate, craft, and create that our C.C.C. team continues pushing to make our community aware of amazing mid-Missouri makers like you.

### Some History:

*Curated. Crafted. Created.* was born in Summer 2022 thanks to a nudge from a local small business owner and friend of Jonathan and Andrea Lyn Seppo, and culminated into the first iteration of C.C.C. at the 2022 Columbia Holiday Makers Market. Our team had humble hopes of attracting a few hundred attendees, but found that Columbia had such an interest in C.C.C. that we welcomed upwards of 1,000 people! A year later, this number has grown to over 2,500 and we are proud to continue offering our talented makers an invested and growing market.

To our new makers - welcome! To our returning makers - thank you for coming back to be a part of our next iteration of C.C.C. and for sharing your thoughts from the previous markets! Based on your valuable feedback, we've made improvements to this market including new attractions, better load-in and load-out processes, and more that you can review just inside this Guide. We look forward to partnering with each of you to continue to showcase your talents and passions for curating, crafting, and creating. Here's to an amazing 2026 Spring Market!

~ your C.C.C. Team

# LOAD IN INSTRUCTIONS

Due to our smaller market size this season, we are opening **both loading zones** for any booth location. This means you may choose **either** loading zone to load or unload in (see next page for details). Please review the loading maps on the following pages and plan to load in at either loading zone based on your zone/location preference.

Additionally, **there will be no check-in for this market.** If you have questions regarding loading/unloading or your booth location, please find a C.C.C. staff member inside the mall and we will be happy to assist you.

Finally, due to the nature of this event changes may be made up to and on the market day at the discretion of the C.C.C. team. It is never our goal, but please be prepared to roll with changes as needed!

## LOAD-IN PROCESS

1. Arrive at your preferred loading zone **no earlier than 7:00am** (see maps for zone options).
2. Unload items via your preferred loading zone.  
\*Please note that C.C.C. staff are **not** permitted to assist with loading items in our out of the market. We recommend enlisting additional help or equipment to streamline your loading processes.
3. Once you have unloaded your items, please park your vehicle in the designated parking area so other makers may utilize the loading zone.
4. Now the fun part - setup your booth! Please keep in mind that all unloading and setup must be **completed by 9:45am.**

# Parking & Loading Map

## Market Location:

Columbia Mall (Level Up Entrance)  
2300 Bernadette Dr.  
Columbia, MO 65203

# LOAD OUT INSTRUCTIONS

*Follow the directions below for the smoothest and fastest experience for everyone!*

**\*\*PLEASE DO NOT TEAR DOWN UNTIL 3PM\*\***

Feel welcome to finish sales and stay open if there are attendees around you.

## LOAD-OUT PROCESS

1. Pack up all your booth items for load out. C.C.C. staff and Mall security will be roaming to help with item security.
2. Retrieve your vehicle and park in your preferred loading zone. Makers are permitted to set extra items in loading zone while pulling up your vehicles (C.C.C. staff will be on site to assist with item security and traffic flow).
3. Load all items through your designated service area (**NOTE: utilizing the mall entrances is STRICTLY PROHIBITED**).
4. Put your feet up and celebrate after a hard day's work!

# PREPPING YOUR BOOTH SPACE

1. **How many sides does your booth have?** A one-sided booth will have only the front of your booth available for attendees to view or enter your booth. A two-sided booth will have two sides of the booth available for attendees to view or enter your booth.
2. **How will your booth flow?** Will you have a table at the front of your booth? Will you set up your booth for attendees to enter and experience your products? Are attendees going to completely walk through your booth to the other side?
3. **Where's your business name located?** You might be a small business but share your business pride loud and strong! Whether it be on a printed tablecloth, banner, cute frame or something else let attendees know who you are so they can share with friends and come back after making a lap around the Market.
4. **Who's working your booth with you?** Are you planning to have a companion or manning the booth yourself? *\*If working the booth yourself know that CCC staff are on site to watch your booth for breaks as needed.\**
5. **What does your booth need to be set up?** Make your booth your own! Bring tables, chairs, rugs, shelves, etc. - as long as it fits in your space it's good! *\*Tents are permitted in 10x10 spaces ONLY.\**

## What to Bring to the Market?

**The possibilities are endless! But here's what we suggest:**

- Carts / Wagons to transport your market items
- Tables / Chairs for your booth
- Tent (for 10x10 booths only)
- Extension Cord (please inform CCC staff prior to market day if you are in need of electricity)
- Water & Snacks

## What if I'm by myself?

We are here to support makers who are vending on their own! While CCC staff are not permitted to assist loading your items, your safety and peace of mind is a priority to us. Our staff is on site throughout the duration of the market to assist in watching your booth while you step away to use the restroom or grab a quick bite from a vendor or the food court.

# PACKING UP

## Our booths require you to:

- Bring your own table and chairs
- Bring extension cords if you need electricity for your booth
- Ensure all items fit within your purchased booth space

## During the Market:

- Be sure to enjoy yourselves and the attendees - we are all about making this a great community event!
- Feel welcome to let any C.C.C. staff member know if you need anything. We will be roaming the event throughout the morning and will be happy to assist you in any way!
